According to Wikipedia~**`\cite{wiki:TeX}`**,
Knuth decided to develop the `\TeX{}`
typesetting system~**`\cite{book:TeX}`**
after feeling disappointed by the
result of typesetting techniques used
for the second revision of his book
series ``The Art of Computer
Programming''~**`\cite{book:ArtI,book:ArtI
I,book:ArtIII}`**.

```
\section{Conclusion}
blah blah blah...
```

```
\bibliographystyle{plain}
\bibliography{refs}
```
